## District Happenings...

**CSD

### Did You Know?

The kitchen still uses a mixer that dates back to 1963! It is leaking a little oil and may need to be replaced as no parts are available. Still makes great mashed potatoes...

### Money Counting

Great work is being done by staff members in counting event and concession stand money.

### Donations to Architecture and Construction

Mr. O'Grady's sister, Tehesa Schneider, is selling her business and has donated cabinetry to the school. In addition, a community member has donated wood from his barn that will be used for projects. As soon as the list of donated items is finalized, it will be taken to the school board for acknowledgement and a huge CUB thank you!

### Elementary PTO

### CSD Leadership Team

It was noted at this meeting that the goals poster will be updated in Nov. The goals are based on the school district report card distributed by the state. The new requirements under ESSA have caused a delay in rolling out the report card, thus a delay in up-dating the poster.

### Thank You for Noticing

No more "paper box top" for the Supt. when she travels around the school. A very nice tray was gifted to her by a staff member. Thank you! Unreal the number of students and staff who took notice.
